

HP ONE-VIEW PERFORATED ADHESIVE WINDOW VINYL

Produce durable see-through window graphics full of vibrant color and fine detail, and take advantage of easy clean-up with the permanent, clear self adhesive.

Create stunning, see-through window graphics

Stop traffic with bold graphics full of vibrant color and fine text and detail, ideal for viewing up close. Print with HP One-view Perforated Adhesive Window Vinyl and get high-impact graphics on the front, clear visibility from the back.

Enjoy this easy-to-use, easy-to-remove substrate

Enjoy the ease of working with this vinyl polymeric substrate. The permanent, clear self-adhesive removes cleanly, even after 6 months. And this trouble-free solution helps save time and money.

Depend on consistent, durable results

Count on lasting results—prints achieve up to 1 year outdoor display permanence, unlaminated.¹ Maintain an efficient workflow with this high-performance substrate, designed with the printer and a range of Original HP inks, for consistent results.

Target customers

- Print service providers

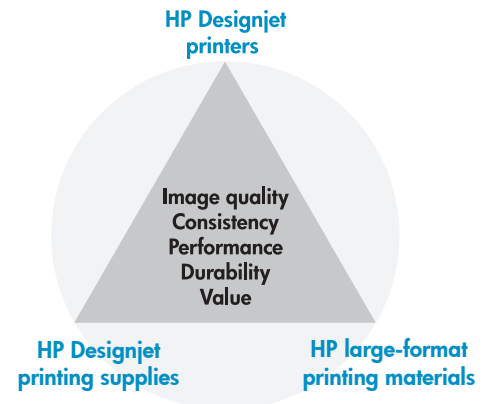

Benefits

- Vibrant color and good visibility
- Vinyl polymeric substrate with white paper liner
- 60% printable area and 40% open area, 1.5 mm hole diameter
- Easy to apply and remove
- Water-resistant prints
- Glass/all-purpose cleaner rub resistance²
- Up to 1 year outdoor display permanence, unlaminated¹
- Up to 6 months clean removability
- Dimensional stability

The HP Designjet printing system—the complete solution

HP Designjet printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to ensure reliable, consistent results with every print.

Applications

- Signage
- Window graphics

¹ Image permanence and water-resistance ratings by HP Image Permanence Lab. Outdoor display permanence tested according to SAE J2527; in a vertical display orientation in simulated nominal outdoor display conditions for select high and low climates, including exposure to direct sunlight and water; performance may vary as environmental conditions change. For more information, see www.hp.com/go/supplies/printpermanence.

² Glass/all-purpose cleaner rub resistance testing by HP Image Permanence Lab using a Taber rub tester with Windex cleaner, 250 gram weight, 5 passes. Actual results may vary. As the composition of window cleaners can vary substantially, customers are advised to test on a small area.
